

4-H ROBOTICS

PLEASE NOTE: Any changes/updates from the previous year will be BOLDED and ITALICIZED! Pay special attention to any projects with BOLD, ITALICIZED WORDS because they have changed from last year.

4-H Robotics Purpose:

1. To encourage the development of young adults.
2. To develop Science, Technology, Engineering, and Math (STEM) Skills in youth.
3. To assist in promoting STEM based careers and opportunities.
4. To collaborate, socialize, and experience 4-H on another level

Who is Eligible:

1. 4-H members who are currently in Grades 3-12 and Hendricks County 4-H members
2. Enrolled in the 4-H Robotics project.

Requirements for all 4-H Robotics Members to complete:

1. Complete county and local activities for the project.
2. Complete the 4-H Robotics Record Sheet and turn it into the Extension Office by the Monday of the Hendricks County 4-H Fair.
3. Pay any additional technology fees (if required) associated with the project.

Although not required, it is strongly encouraged for members to attend monthly 4-H Robotics meetings. These meetings are important for youth to develop an understanding of robotics, programming, and other STEM-based skills.

Be sure to enroll in the project on 4-HOnline.
