

RABBIT POSTER

Posters must have been made by the 4-H member enrolled in the current year's 4-H program. Each poster should be original and of a practical nature related to some phase of the domestic rabbit industry. Elaborate and expensive equipment cannot be justified.

Each exhibit must be clearly labeled in the lower right hand corner with the 4-H'ers name. Appropriate labels should be obtained from the Extension Office. Posters are to be 22"x28" and displayed horizontally with stiff backing and plastic protective covering.

All posters, notebooks, and display boards must include a reference list indicating where information was obtained, giving credit to the original author, to complete the 4-H member's exhibit. This reference list should/might include web site links, people and professionals interviewed, books, magazines, etc. It is recommended this reference list be attached to the back of a poster or display board, be the last page of a notebook, or included as part of the display visible to the public. A judge is not to discredit an exhibit for the manner in which references are listed.
