HARVEST ROAD SAFETY

Harvest is in full swing and the autumn leaves are falling. While we are moving on the roadways taking in the beautiful autumn scenery and fresh air, it is important for us to watch for farmers and farm equipment on our roadways.

In Indiana we can expect to see slow-moving farm equipment from our 58,000+ farms on Hoosier roadways. We wish everyone a safe and happy harvest season. For more information about agriculture safety in Indiana, visit: www.getprepared.in.gov

**4-H Enrollment
Opens October 1
v2.4honline.com**

Purdue University is an equal opportunity/equal access/affirmative action institution.

Forging a New Path for Indiana Students

Fast Start, created by Purdue in partnership with the philanthropic online learning program Modern States, is designed to help Indiana high school students earn access to up to a year of college credit through free online courses and the corresponding College Level Examination Program (CLEP) exams. Students receive assured admission into Purdue if they complete five courses, pass the corresponding CLEP exams and meet the University's standard admissions requirements.

The move also aligns with Purdue's land-grant mission and its continued commitment to affordability and accessibility--a longtime University priority that has led to nearly 60% of Purdue students now graduating debt-free.
