

If you are in the **BEEF, DAIRY, SWINE, SHOW ARENA, or SHEEP** barns, you are to exit barns and first seek shelter in the Houston Lanai Restroom Building and once that is full, seek shelter in the Community and West Exhibit Building. **Campers** in the area just south of the Sheep barn are to **do the same**.

**4-H LEADERS & PARENTS:** Please discuss this plan with the children, making **SURE** they know what to do. The hope/intention is that it will be discussed at home as well as in 4-H meetings, clean-up day and the word spread between adults, children, and visitors. Also, per barn/building a colored map will be posted with the shelter and evacuation plans. Copies of all will be given to all first responders.

# JASPER COUNTY FAIRGROUNDS

## SHELTER PLAN

If you are in the South end of the Fairgrounds (**HORSE BARN**s area) you are to seek shelter in the Restrooms and the Trails End Restaurant just west of the Show Arena. If you are **camping** or have parked your vehicle in this area, you are to exit camper/vehicle and seek shelter in the newly constructed restroom building on the northeast side of the campsites.

If you are in the **GRANDSTANDS** area, the Southern half of the grandstand is to head South and seek shelter in the restrooms or in the Trails End Restaurant in that area. (Assume splitting the grandstands in half). If you are in the Northern half of the grandstands, you are to exit and head North up the midway and seek shelter in the Sheet Metal restroom building on the midway, the small ditch running east and west through the midway, or the St. John's Church Restaurant. **DO NOT GET UNDER THE GRANDSTANDS/BLEACHERS.**

If you are in the **COMMERCIAL BUILDING** (formerly known as the Farm Bureau Building), the **FAIR OFFICE**, the **RETIRED IRON**, the **PIONEER VILLAGE areas**, or **FRONT PARKING LOTS**, you are to exit those areas and see shelter in the West Exhibit Building.

If you are in the **FFA PETTING ZOO**, shelter there. If you are in the **CASTONGIA'S JOHN DEERE** building, shelter there. If you are in the newly constructed **SOIL & WATER** building, shelter there.

If you are in the **POULTRY/RABBIT** barns or the **GOAT** barns, you are to exit those barns and seek shelter in the West Exhibit Building.
