

Animal Identification

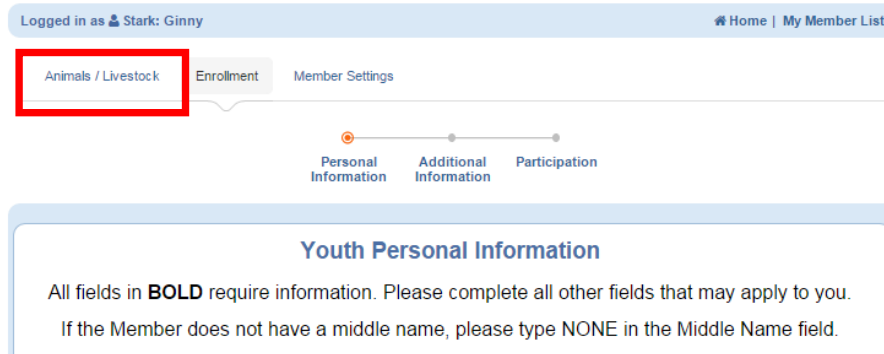

4-H members (Grades 3 – 12) must identify all Beef and Dairy Cattle, Goats, Horses, Llamas, Sheep and Swine in the 4HOnline system by the species deadline or earlier county deadline if applicable* to be eligible for exhibition.

- **All Dairy Cattle must be entered into 4HOnline no later than May 15*.**
- **Lease agreements must be on file in the Purdue Extension Office in your county of 4-H enrollment by May 15.**

Animal Identification in 4HOnline

Please complete the following steps to identify your livestock in the 4HOnline system.

1. Login to your family profile at: <https://in.4honline.com> using your family email address and password you created at the time of family profile creation.
 - a. If you have forgotten your password, please use the 'I forgot my password' option on the 4HOnline login page, and you will be sent a new temporary password.
 - b. If you turned in a paper 4-H enrollment form, please contact your local Purdue Extension Office for assistance.
2. Click the orange 'Continue to Family' button.
3. Find the 4-H member's name in the Member/Volunteer list for your family.
4. Click 'Edit' next to the 4-H member's name to which you wish to identify animals for in the system.
5. Click the text that says 'Animals/Livestock'.

Personal Information Additional Information Participation

Youth Personal Information

All fields in **BOLD** require information. Please complete all other fields that may apply to you.
If the Member does not have a middle name, please type NONE in the Middle Name field.

6. Select the appropriate Animal Type from the Add an Animal drop-down menu for the animal you first wish to identify. See the available Dairy Cattle options below.
 - a. Dairy Cattle Females
7. Click the 'Add animal' button.

The screenshot shows the 'Add an Animal' form on the Purdue Extension 4-H Youth Development website. The page header includes the Purdue Extension logo, 'Indiana 4-H Youth Development', and a 'Logout' link. The user is logged in as 'Stark: Ginny'. Navigation tabs include 'Animals / Livestock', 'Enrollment', and 'Member Settings'. The form is divided into two sections: 'Animal Reports - exports as a pdf document' and 'Animal Lists - exports as an excel document'. The 'Animal Reports' section has fields for 'Animal' (dropdown menu) and 'Report' (dropdown menu). The 'Animal Lists' section has fields for 'Animal Type' (dropdown menu) and 'Export' (dropdown menu). Below these sections is a blue bar labeled 'Add an Animal'. Underneath this bar is a dropdown menu for 'Animal Type' with the selected option 'Beef and Dairy Beef, Feeder Calves'. At the bottom of the form is a button labeled 'Add Animal'.

8. Read the on-screen instructions for Animal ID requirements for Indiana State Fair Exhibition.
9. You must complete all fields with BOLD titles.
10. Complete all other visible fields as applicable.
11. Once the information is complete, click 'Save'.
12. Verify that the animal is now listed in the Animal List below the Add Animal button.
13. Repeat steps 6 – 12 for each animal the member needs to identify.
14. Members are able to edit Animal ID information until the species specific Animal ID deadline.
15. Click the 'My Member List' in the upper right to return to the list of family members to select another 4-H member to identify animals.
16. Lease forms for Dairy Cattle must be on file with your local Purdue Extension Office no later than May 15.

Family Enrollment of Animals

Animals may be co-enrolled within the same family (Siblings and step-siblings). The animals may be listed under a single 4-H member, and at a later point, the animal may be associated with a different sibling by contacting the Purdue Extension Office in your county of 4-H enrollment. **With this capability in 4HOnline, animals do not need to be entered under each 4-H member in the family.** The exhibit management program will allow a member to select to exhibit any animal identified by the family in 4HOnline. It is strongly suggested that at least 1 animal be identified by each member enrolled in the project.
