

HAY

(Decatur County 4-H Project)

★ 4-H'ers may exhibit either Grass Hay and/or Legume Hay

Division I

Project Requirements:

1. Grow not less than one acre of alfalfa.
2. Each member shall answer questions on his project experiences.
3. Complete your record. Record Sheet - 4-H 626 (4-H Crops Record)

Exhibit: One section from a bale of hay in a plastic see-through bag.
Must have a label stating: Date Planted Variety
Fertilizer Used Harvest Dates

Each member shall keep a record of all the work done on their project showing expenses, estimated yield, and total value of the crop.

Division II and Above

Project Requirements:

1. Increase acreage as home conditions justify.
2. Complete your record. Record Sheet - 4-H 626 (4-H Crops Record)
3. Have soil tested and follow fertilization recommendations.

Exhibit: One section from a bale of hay in a plastic see-through bag.
Must have a label stating: Date Planted Variety
Fertilizer Used Harvest Dates

Each member shall keep a record of all the work done on their project showing expenses, estimated yield, and total value of the crop.
