RC Cars

Welcome Race fans,

You are about to enter the world of remote controlled car racing. A world where everything is scaled down. If you like speed, simple mechanical principles, and auto racing, then this is a sport for you.

As leaders, we will do our best to lead you through your years of RC car racing. We hope you will enjoy the hobby without needing to invest a lot of money for the latest technology. We will teach you all that we have learned about the sport. If there is something you ask us that we don't know, we will try to find the answer!

As a 4-H'er we expect you to have fun, show up to the races, complete all record books, complete all projects and ask questions. We will be successful if we work together.

Sincerely , The RC Car Project Leaders

Guidelines for completion

REQUIREMENTS:

RC Cars Club members scheduled to work the pork shack must work or it will jeopardize the member's chance to race at the fair.

All RC Car members must turn in a completed, signed book and poster to compete at the fair.

Junior Division (Grades 3-6)

- | | |
|---|---|
| 1. Attendance | Over 1/2 of all car races. |
| 2. Poster | A collage of pictures containing auto racing (doesn't need to be RC car related).
-or-
Display 8-10 photos of RC racing (add captions)
-or-
Pictures of you racing, with captions explaining what's going on in each picture. |
| 3. Record Sheet & Racing Log | Needs completed and signed by:
4-H Leader and RC Car Club Leader. |

*Poster must follow 4-H poster rule guidelines.

Junior
RC Club Record Sheet

Name: _____ Age: _____

Year in 4-H: _____ 4-H Club: _____

4-H RC Club Leader Signature: _____

4-H Leader Signature: _____

1. Have you read articles about RC car modeling in general? (yes or no) _____
If you have, what have you learned from them?

Did you apply any of this information in your own racing strategy? (yes or no) _____

2. What racing experiences do you remember most during this year?

3. Describe changes you have made in your driving style to make it better:

4. Approximately how much time did you spend driving this year?

5. How would you describe good sportsmanship while racing?

6. Give an example of help or advice you gave to someone in your division or lower?

7. What benefits of RC racing can you apply to your everyday life?

8. How can changing the suspension affect the car's handling?

Evaluate the 4-H RC Car project. Also, note any changes you would like to make:
