RC Cars

Welcome Race fans,

You are about to enter the world of remote controlled car racing. A world where everything is scaled down. If you like speed, simple mechanical principles, and auto racing, then this is a sport for you.

As leaders, we will do our best to lead you through your years of RC car racing. We hope you will enjoy the hobby without needing to invest a lot of money for the latest technology. We will teach you all that we have learned about the sport. If there is something you ask us that we don't know, we will try to find the answer!

As a 4-H'er we expect you to have fun, show up to the races, complete all record books, complete all projects and ask questions. We will be successful if we work together.

Sincerely , The RC Car Project Leaders
