No "I" in Team

*Would you give your ALL for your team?
Would you give up time for you,
But give more to the team if it would benefit the team?
Would you lay it all on the line for your team?
Would you gladly cheer from the sidelines for your team?
Would you take the time to say positive things to every teammate?
Would you be willing to be open-minded enough
To see everyone's point of view - your coach's included?*

*The one thing that "I" can do for a team,
Is to contribute the most "I" possibly can for my teammates.
Whether that is being a leader, a supporter, a motivator,
An instigator, an inspirator - what "I" need to remember
Is that my part as a contributor helps my team the most.*

*When every "I" can come together as "we,"
Is when a team becomes successful.
When "I" am willing to do whatever it takes
To open my mind and see what is truly best
For my team, is when "I" become successful.
And that's what "I" wanted in the 1st place, isn't it?*

*Do you have what it takes?
Dig in.
Contribute.
Open your mind,
Play the game.
Then, you will win.*

EXTENSION HOMEMAKER'S CREED

We believe in the present and its opportunities, in the future and its promises, in everything that makes life large and lovely, in the divine joy of living and helping others, and so we endeavor to pass on to others that which has benefited us, striving to go onward and upward reaching the pinnacle of economic perfection, in improving, enlarging and endearing the greatest institution in the world: The Home.

PLEDGE OF ALLEGIANCE

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands; one nation under God, indivisible, with liberty and justice for all.

COLLECT

Keep us, O God, from pettiness;
let us be large in thought, in word, in deed.
Let us be done with faultfinding and leave off self-seeking.
May we put away all pretenses and meet each other
face-to-face without self-pity and without prejudice.
May we never be hasty in judgment and always generous,
Let us take time for all things;
make us grow calm, serene and gentle.
Teach us to put into action our better impulses,
straight-forward and unafraid.
Grant that we may realize it is the little things that create
differences, that in the big thing of life we are as one.
And may we strive to touch and to know the great common
human heart of us all, and O Lord God, let us forget not, to
be kind.

Mary Stewart

EXTENSION HOMEMAKER PRAYER SONG

(Tune: He Leadeth Me)

Dear Lord, with thankful hearts we come for family and friends and home, and for the sunshine and the rain that ripen fields of golden grain. Lord of the Harvest, bless us still; we are submissive to thy will. What ere our harvest is to be our hopes and trust are yet in thee.

FLOWER: Red Rose

COLORS: Royal Blue and Gold

OBJECTIVE OF MONROE COUNTY EXTENSION HOMEMAKER CLUBS

Extension Homemaker Club members in Monroe County are part of a continuing education program directed by their County, State and Federal Extension Services, and backed by widespread research programs at Purdue University. This education specifically enables Extension Homemaker members to be better equipped to make informed decisions concerning any and all areas of family living. Members also learn methods of cooperating with other organizations in order to improve the quality of family life for all people - to strengthen families through continuing education, leadership development for women, and volunteer community service.

FOR YOU TO EXPLAIN IF YOU ARE ASKED

The Indiana Extension Homemakers Association is affiliated with the Purdue Cooperative Extension Service. This free educational program is yours for the taking. Urge others to participate in community activities such as good nutrition, child development, family relations, home management of time, energy, and money.

EXTENSION HOMEMAKER MISSION

INDIANA EXTENSION HOMEMAKERS ASSOCIATION

*Strengthening Families Through:
Continuing Education
Leadership Development for Women
Volunteer Community Support*

Extension Homemaker Clubs offer continuing education to meet the needs of the family, home, and community in an ever-changing world. By providing informal educational opportunities, the organization broadens members' horizons and provides in-depth information in specific interest areas.

AS AN EXTENSION HOMEMAKER

You have the opportunity to...

LEARN

- Meet with friends and neighbors in educational and social settings.
- Share experiences and information.
- Keep up-to-date on new knowledge and research.

GROW

- Experience personal growth and develop skills.
- Form lasting friendships while sharing leadership responsibilities for programs and projects.

CARE

- Make a difference in today's world.
- Support projects that help children and families live better lives.

PROGRAM LESSON SUGGESTIONS

Cooking With Honey. *Honey can be used for cooking and adds small amounts of nutrients to the diet. It makes a good spread for breads and tasty sandwich fillings when mixed with other ingredients. Honey can be used as a sweetener for fruits, beverages, and in any food that is sweetened. This lesson includes delicious recipes using honey and will explain many ideas and uses for honey.*

Gluten Free. *What is gluten? What foods have gluten? Are foods naturally gluten-free? Who benefits from a gluten-free diet? In this lesson, you will gain the answers to these questions, along with an understanding of our growing gluten-free community. Due to the popular demand for gluten-free products, in 2013, the U.S. Food & Drug Administration issued a definition of the term gluten-free. As well, gluten-free products are now easier for consumers to identify by the “certified gluten-free” seals on products and to order in restaurants from gluten-free menus.*

Mixes in a Jar. *Gift giving can be easy and economical if you make a mix in a jar. You can show someone how much you care by giving them a beautiful homemade gift jar filled with the ingredients to make a delicious recipe. You will learn some tips and safety information for making your own jar gifts as well as some creative ways to share great recipes. Plus, many of the recipes include tips for making: “Healthy Mixes in a Jar”. You will learn to substitute ingredients to reduce carbs and sodium. Complete directions are given to demonstrate 2 healthy mixes – cookie with sugar substitutes and a salad.*

Alphabet Soup: Making Sense of Vitamin & Mineral Supplements. *This program identifies the reasons for taking vitamin and mineral supplements, and how/when specific supplements should be used. The program will also help identify potentially dangerous levels of some supplements, while examining how certain supplements may interfere with some prescription medicines.*

Hydrating for your Health. *Your body is 60% water! Hydrating properly is very important in order to keep the body operating efficiently. The body depends on water to aid bodily functions including digestion, blood flow, heart activity, and the mental process. Learn the signs of dehydration, the consequences of dehydration, and tips of staying hydrated in the lesson.*

Stress and Self Care. *Learn about stress and how it impacts the body and the mind. This lesson will cover stress warning signs, causes and easy to implement solutions on how to reduce or eliminate stress in your life. This lesson describes what self-care is and how to cultivate it in your life using nature, relaxation techniques and technology.*

Responding to Color as we Age. *This program addresses the idea of choosing color to satisfy our physical, emotional, and nutritional needs as we age. It helps us to understand how color can affect us when planning our surroundings. Learn to see how color affects what we appear to see, our emotions, and even our safety.*

Reduce Spending for Special Occasions and Holidays. *Throughout the year, consumers spend a significant amount of money for birthdays, holidays and many other special occasions. The average person spends over \$1000 per year for Valentine's Day and Christmas together. Learn a variety of ways to reduce spending with ideas for decorations, costumes, gifts, paper products, food choices, and much more. Enjoy the special occasions next year without breaking the bank!*

Note: *The program lessons listed here are suggestions. Each club can decide which lessons, if any, they would like to present at their club meetings. These lessons will be treated like package lessons. We can send them to you via email or you can pick them up at the office. You can also choose to present a lesson of your own choosing. There are lessons listed on the IEHA website at <http://www.ieha-families.org/lessons.php>. All lessons will now be entirely up to individual clubs and their needs. Please remember: if you would like copies made for your club, please give the office staff at least a three-day notice to prepare them.*
