

IMPORTANT!

There is a 4-H membership fee cap of \$60 per family. This means that families enrolling more than 3 youth in 4-H will not pay for any additional members. Because 4HOnline is being used in over 40 states, and each state handles their membership fees a little differently, the 4HOnline system is not set up to recognize this discount.

If you are enrolling **4 or more** 4-H members in the 4HOnline system **you must choose “pay using a non-electronic method” and then “county/club 4-H Check”** once you get to the payment section at the end of the enrollment process. You will then need to come to the Wells County Extension Office, 1240 4-H Park Road, and pay by check within 10 days of your online enrollment in order to receive the discount for 4 or more members. You may also send a \$60 check made payable to “Wells County 4-H” to the Extension Office. If you choose to mail your check, please include a note explaining what the check is for.

If you have any questions about 4-H enrollment, please feel free to call the Wells County Extension Office at 260-824-6412.
