4-H CLUB MEMBERSHIP

4-H membership is open to all youth in Monroe County who are in kindergarten through grade 12. All young persons in kindergarten, first and second grades may participate in the Mini 4-H program. This program allows younger children to participate in similar 4-H activities until they reach the traditional 4-H grade. Traditional 4-H is for youth in grades 3-12. Each member should enroll in the division of a project that would best suit his/her interest and potential for personal growth and would enhance their family involvement. Opportunities in the 4-H program are available to all Indiana youth defined regardless of race, religion, color, gender, place of residence, national origin or disability.

Membership Enrollment is an annual process attained by completing the appropriate county 4-H enrollment through the Purdue University Cooperative Extension Service Office. **4-H Enrollment is opened from November 1 through January 15.** After The January 15 deadline, please contact the Purdue Extension-Monroe County Office for additional information. Annual enrollment fees are \$20.00 per traditional member, \$5.00 per mini member with a maximum of \$60.00 per family. You must have a zero balance, including enrollment fees, camp, trips, posterboard, etc, from previous years to enroll in Monroe County 4-H.

EXHIBITION

Exhibition of 4-H projects in the county or state fairs is considered a privilege and is voluntary on the part of the exhibitor. The exhibition of 4-H projects provides 4-H members an opportunity to display their 4-H projects, entertain wholesome competition and enjoy an educational/social environment with their peers. With the privilege of exhibition also come the responsibility for abiding by all of the terms and conditions pertaining to the respective 4-H project. Not following the established terms and conditions of the projects will be grounds for exclusion from the exhibition or the project itself.

COMPLETION

The completion of a 4-H project must not be misinterpreted as exhibition of said project at the county or state fair. 4-H members are considered complete in their project work for that year when they have (1) completed an "official" 4-H member enrollment form prior to the established and published date for enrolling, (2) turned in a completed 4-H project record sheet prior to the established and published date, and (3) had an officially recognized 4-H leader/extension educator verify the existence of the completed project. Though exhibiting in local/county and state exhibits/fairs is not required for project completion as it does not necessarily directly relate to the learning received in the development of a 4-H project, project exhibition should be encouraged as a continuation of the educational experience.
