

4-H ELIGIBILITY

Harrison County offers 4-H opportunities for young people from kindergarten through high school.

Mini 4-H

These programs are geared toward those in grades K-2 at no cost. It is designed to introduce you and your child to the 4-H program. Mini 4-H members do not attend club meetings or keep records, though being involved with a club may be beneficial to the child as older 4-H members can help them learn about 4-H. Most projects can be completed with items found in your home. This is an excellent way for children to learn by doing and exhibit a project at the fair. Mini 4-H members also have the opportunity to attend workshops and a day camp just for Mini 4-H'ers during the summer.

Traditional 4-H

You may become a 4-H member when you enter the third grade and continue your membership through completion of your senior year of high school. You may be a member for a maximum of ten years. Opportunities are available to all youth regardless of race, religion, color, gender, national origin, or disability.

Membership is gained by annually enrolling in 4-H through the Harrison County Extension Office. After enrolling in 4-H, you need to choose a 4-H Club that best fit your interests, activities, and schedule. A list of clubs can be found to the right.
