

Registration is Now Open

The fourth annual Farmers Market Forum will be packed with presentations and networking opportunities and is geared toward farmers market managers, vendors, and community development stakeholders who want to start or grow farmers markets in their local communities.

We'll continue the popular "lightning round" of updates and news from agencies. In addition, choose from two concurrent workshops: "Regulations and Food Safety" and "Creating a Customer Friendly Market".

Don't miss this opportunity. Register at:

<https://tinyurl.com/yanqmfmf>

to attend the Farmers Market Forum today!

Friday, January 25, 2019

9am - 3:30pm

Registration opens at 8:30 am
