

CORN

Clover:	Grades 3 - 5
Junior:	Grades 6 - 8
Senior:	Grades 9 - 12

Project Requirements

Complete 4-H Crops Record pages 1 & 2

Exhibit Requirements

* In order to be considered a crops project (as opposed to a garden project), plot must be a minimum of 1 acre.

Judge considers following criteria when judging corn:

1. Exhibit three (3) plants with roots, dirt washed off roots, Crops Information Card attached.
2. Uniform size of plants based on seeds per acre planted
3. Uniform size of ears.
4. Uniform height of plants and ears.
5. Equal maturity of plants and ears.
6. Dark green color indicating ample plant nutrients to develop ears.
7. Root system - does it have ample brace and feeder roots?
8. Insect or disease damage.
9. Size of plants and ears for population indicated on information card.
10. Complete 4-H Crops Record, (4-H 626), and Crops Information Card.
