2019 Indiana State Fair

Comic Strip Board

This August, Fairgoers will be experiencing the fun and excitement of Heroes In The Heartland. We would like you to help us celebrate by creating a comic strip board. Create a vertically hanging comic strip board that tells the story of your organization's heroes or superpowers. Be creative in terms of what you define as your heroes and superpowers. Heroes can be anyone or anything, and superpowers are not always super-human characteristics. We hope you will take this opportunity to celebrate this year's theme by submitting a Comic Strip Board.

Requirements

- The entry must be created on a 4' X 4' (48" X48") piece of ¼" plywood with 2 holes drilled 2.5" down from top of board and 2.5" in from each side.
- Any medium can be used to create the entry, remember entry will be hanging vertically from the ceiling of a building.
- The back side of the board will be seen, so please cover with material, paint, or continue your image onto the back.
- Name of organization or club must be visible on either the front or back of the board.
- Color tones need to be primary of nature like used in comic books.
- A 2-3" white border needs to frame creation to cause it to "pop" when displayed.
- Follow all copyright rules and regulations of licensed emblems, logos, or characters
- Indiana State Fair Commission reserves the right to not hang a board that does not meet the requirements.

Submission

- Must be delivered to the Indiana State Fair, on or before July 29th, to the Communications Building, Room 2. (Drop off after checking in State Fair Projects for your convenience.)
- Complete the following Google Form, to indicate your group is participating: <https://docs.google.com/forms/d/e/1FAIpQLSeKLOvRDI44eChqczPce1OonvM6eHwF-jkwV0SXx2ZDR2BJ8Q/viewform>
- If your organization or group would like your submission back, it must be picked up after August 19th but before September 1st from the Communications Building, room 2.
