

Pinney Purdue Crop Diagnostic Training Wednesday, September 4, 2019

Pinney Purdue Ag Center, 11402 S. County Line Road, Wanatah, IN
(All times are Central Daylight Savings Time)

The Pinney Purdue Diagnostic Training will provide a “hands-on” approach for teaching the art and science of accurately diagnosing crop problems for Northwest Indiana. The sessions should help those who work with field crops to fine-tune their season-long problem troubleshooting skills and evaluate new and alternative management strategies. These sessions will provide pertinent information on interacting factors (nutrient, pest, and environmental stresses) that impact corn and soybean growth and development.
