

Application for Standard 4-H Club Seal

Fill out in duplicate. Keep this copy and send the other copy to the County Extension Office to apply for your seal.

Requirements for a "Standard 4-H Club" are listed below. State what your club has done to meet each of these requirements. If all requirements are met, your club will qualify as a "Standard 4-H Club". The first year that your club meets these requirements you will be given a Standard 4-H Club charter and seal. For each following year that your club meets Standard 4-H Club requirements you will be given a seal to be affixed to the charter.

In addition to meeting requirements for a Standard 4-H Club, if your club meets the higher requirements, they will receive an honor seal.

1. There shall be a local leader in charge with such junior assistance as can be developed. Name of local leader:

2. The club must have at least five members. Number of members in your club: _____
3. There shall be a club organization with the necessary officers and a constitution and bylaws if needed. Did your club meet these requirements? _____ Yes _____ No
4. The 4-H Program of Work shall be outlined at the beginning of the club year by the program committee and adopted by the club. Did your club do this? _____ Yes _____ No
5. At least one demonstration must be given by a member of the club before the club or a general public group. Number of members taking part in demonstrations _____.
6. Club judging activities shall be included in the 4-H Club program for the year. Number of members taking part in judging _____.
7. The club shall participate in a local or county 4-H Achievement program. Did your club do this?
_____ Yes _____ No
8. There shall be from six to ten regular 4-H Club meetings during the year. Number of regular meetings held _____.
9. At least _____ percent of the members must complete one or more projects. Number of 4-H members enrolled (those who started work on a project) _____. Number of members who have completed one or more projects _____. Members completed are _____ percent of members enrolled. (Example: Total members enrolled = 20. Total members completing = 18. $18/20 = 90\%$)
10. The average attendance of members at regular 4-H Club meetings shall be at least _____ percent of the completing membership. Average attendance at the regular meetings of your club _____. The average attendance is _____ percent of the number of completed members.
(Example: Number of members completing = 18. Number of meetings = 8. Total possible attendance $18 \times 8 = 144$. Actual total attendance = 120. $120/144 = 83.3\%$)

Check one: _____ We are applying for a Standard seal. _____ We are applying for an honor seal.
