4-H Pledge

4-H PLEDGE

I pledge my **HEAD** to clearer thinking,

I promise to use my head to make good choices.

my **HEART** to greater loyalty,

I promise to use my heart to be a good friend.

my **HANDS** to larger service,

I promise to use my hands to do helpful things for others.

and my **HEALTH** to better living,

I promise to take care of my body and to show others to live in a healthy way.

for my club, my community,

I promise to help my group, my community,

my country, and my world.

my country, and my world be happy and safe for everyone.

July 25, 2020	Mini 4-H Project Pick Up	9:00—10:00 a.m.	Fairgrounds

Parents are encouraged to attend at least the first program/orientation, as we will explain the opportunities available to Mini 4-H'ers and their project requirements. Mini 4-H'ers will participate in fun learning opportunities and project activities on the dates listed above. These meetings are not required, but are a great opportunity for them to explore 4-H. In addition, each program will include project activities, recreation, and a snack. Parents can drop their Mini 4-H'er off or they are welcome to stay. A few weeks prior to these programs, you will receive correspondence on the additional details of the program.

Welcome to Mini 4-H

Mini 4-H is a fun and educational program designed to help build self-esteem by providing youth the opportunity to learn and be recognized through non-competitive experimental learning. It also helps develop an interest in continuing into the 4-H program.

Mini 4-H is open to any child currently in 1st and 2nd grade as of January 1, 2019.

How do I Enroll and How much does it cost?

Mini 4-H Enrollment is done online between October 1st and January 15th. Enroll in Mini 4-H Online at <https://in.4honline.com>. After January 15th, families should contact the Hendricks County Purdue Extension Office for a paper enrollment form. If you do not have access to the internet, also contact the Hendricks County Purdue Extension Office. Mini 4-Hers will pick the Hendricks County Mini 4-H Club, and there will be **no fee**.

Once you enroll and obtain your Mini 4-H project manuals, you can begin working on your projects. The manuals will explain how to make your exhibit(s) for the fair. There are 15 different projects to choose from. You can choose up to **TWO** projects each year. A description of exhibit options for each project is located in this handbook and in each project manual.

There is no fee to enroll in Mini 4-H, and the manuals are free!! However, depending on what you decide to make for your exhibit, you may incur some cost for supplies, such as glue, poster board, construction paper, etc.

What do I do with my exhibits?

You will bring your project exhibits to Mini 4-H Project Check-in on Friday, July 12th from 5:00 p.m.-7:00 p.m. in Conference Room 1 and 2 at the Fairgrounds. Each exhibit will be judged and provided with positive comments. Each project will be given a ribbon and placed in the auditorium for display during the fair. Project Check-in does not require you to stay until your projects are judged; you simply just need to drop your project off. You can come to the fair to see how you did on your project!

Mini 4-H project exhibits will be released on Saturday, July 20th from 9:00a.m.-10:00 a.m. from the Fairgrounds Auditorium. Please make arrangements for someone to pick up your project. Projects not picked up on that date will be disposed of within a few weeks following the fair. Unfortunately, we do not have the storage space to keep them.

Mini 4-H Projects and Exhibit Options

Listed below is a brief description of the exhibit options for each project. **Each child can choose a maximum of 2 projects.** You only exhibit one of the options listed for each project you choose. More detail and directions will be included in the project manuals, which you can pick up at the Extension Office after enrolling in Mini 4-H. All poster exhibits should be 22" x 14" in size. This is equivalent to cutting a standard poster board in half.

ATTENTION: Please obtain your Mini 4-H Project Manuals **before** starting your projects from:

- 1) www.ag.purdue.edu/counties/hendricks **or**
- 2) The Hendricks County Extension Office

Each project has specific guidelines and requirements to complete the project.

Arts & Crafts

Let's get creative and make a neat craft. Use your imagination as you design your craft.

Exhibit Options:

First Grade

Decoupage Splatter Painting

Collage Beaded Key Chain
