Exhibit Introduction

Create an exhibit that shows the public what you learned in the wildlife project this year. Poster exhibits must be displayed horizontally on a 22" x 28" foam-core board or poster board mounted on a firm backing, and covered in clear plastic or other transparent material. Notebook exhibits must be displayed in a standard three ring binder. Choose one of the options listed below, appropriate for your grade in school. Use an appropriate exhibit title. Be sure to include a poster tag with your name, grade, 4-H club and county in the lower right hand corner.

All poster, notebooks, and display boards must include reference list indicating where information was obtained, giving credit to the original author, to complete the 4-H member's exhibit. This reference list should/might include website links, people and professionals interviewed, books, magazines, ect. It is recommended this reference list be attached to the back of a poster or display board, be the 1st page of a notebook, or included as part of the display visible to the public. A judge is not to discredit an exhibit for the manner in which references are listed,
