

2020 Whitley County 4-H Swine Affidavit

To be signed and notarized by Thursday, July 16, 2020

4-H Member's Name _____

I declare that:

- 1) My 4-H animal has been in my continuous ownership since the date printed on the respective 4-H Animal Enrollment Form;
- 2) The exhibitor and the exhibitor's parents and/or legal guardians agree that they are the people absolutely responsible for the care and custody of their animals in preparation for and while at the Whitley County Fair, including, but not limited to, policies regarding drug use and animal well-being;
- 3) I am responsible for: adhering to withdrawal times on all drugs administered to my animal, only giving my animal drugs that are approved by the FDA, and keeping my animal free of illegal drugs prior to and during the Whitley County Fair;
- 4) My 4-H animal had not been maintained at a professional fitter's facilities;
- 5) My submission of a 4-H entry expressly binds me to all terms and conditions contained in any and all parts of the Whitley County 4-H Rules Book.

<i>Animal ID Number</i>	<i>Has NOT received any drug(s), steroid(s), or other medication(s) within the past thirty (30) days.</i>	<i>HAS received the following drug(s), steroid(s), or other medication(s) within the past thirty (30) days and <u>date of treatment.</u></i>

** Please check with your veterinarian if your animal is on any over-the-counter medication.*

**Violation of Indiana Health Requirements for the exhibition of domestic animals is punishable under Indiana law.
(Code 15-2.1.21.9)**

I swear or affirm under the penalties that I have read, understand, and accept the above statements to be true, accurate, and complete. I further affirm that the animal(s) listed above was/were born, fed and raised in the United States of America.

County in which you reside _____

WHY an Animal Affidavit?

As a 4-H livestock owner you are both a consumer and a producer in our food chain. Just like the milk that you drink and the vegetables that you eat, the meat that you produce must be safe and wholesome for human consumption.

As a 4-H livestock member, you may only raise and sell livestock once a year. Hence you may be unfamiliar and unaccustomed to the drug withdrawal times for some products that are fed or given to your livestock. Keeping accurate records of medications and supplements helps to keep you from contaminating our food chain. The 4-H animal affidavit supports the need to produce and sell a quality, wholesome product for the consumers that eat the meat you produce. The 4-H agreement enables 4-H program supporters, who generously invest in 4-H members when they purchase animals through a 4-H livestock auction, to know that the animal(s) that they purchase will be safe for human consumption!

Any feed additive, antibiotic, insecticide, medicine, or other drug product that is fed, injected or used with your 4-H animal should be listed on your 4-H animal affidavit. Withdrawal times for drugs is necessary so an animal can naturally clear these substances from the meat it produces, before it is processed for the food chain. By listing this information on your agreement, it can easily be reviewed so that all 4-H animals that are sold are ready for human consumption when they enter our food chain.

Remember. . . - I believe in the humane treatment and the responsible 4-H care of all livestock and pets.
 - It is my responsibility as a 4-H member and owner to care for my animals regardless of the weather, how I feel or other things that I might like to do.

(Acknowledgement of original idea and content goes to the Kosciusko County 4-H program and State 4-H Dept. Editorial changes were used for local application.)
