The 4-H Goat and Sheep project members have been working very hard to improve the facilities for their animals at the fair. Not many years ago they were housed in a tent for the week, then they moved to a barn with a gravel floor. Recently, they were able to add a concrete floor with the help of many generous donors. They are now ready to improve the pens and electric in the building. They currently have wooden pens that are in need of repair. The animals currently climb on and out of the gates as well as break through them. The members of the committee have found a pen that will be much nicer and safer for the animals and showmen.

This is where your help is needed. Each pen is going to cost approximately \$400. We are asking families and businesses to sponsor the pens. On each pen that you sponsor there will be a 18.5 in x 11 in metal plaque attached to it for the life of the pen. That means you will have advertising for a one time fee for your business or a pen in memory of a loved one for 20 plus years. What better way to carry on a family member's love of 4-H!

Attached you will find a picture of the pen we have selected as well as a sample plaque. As always, we thank you for your continued support of the Franklin County 4-H members and community.

Please, respond to this letter by March 31st, in hopes of receiving the pens in time for the 2020 fair.

There are only 160 pens available, don't miss out, send in your sponsorship form today. After the 160 pens are sold the donated money will go for additional improvements on the barn. You will be contacted by a committee member if your money is received after the pens are all sold.

Please note, we are not requiring 4-H members to purchase a pen for their animals, but are encouraging families to help find sponsors. Also, we cannot guarantee whose animals will be in which pen. For example, Abbi Baxter's sheep may not be in the pen sponsored by Brian Baxter, but may be in a pen sponsored by the Rosenberger family.

Contact Sharon Volk at (765) 265-3466 or Brian Baxter at (765) 265-1007 with questions.

Sincerely,

The 4-H Goat and Sheep Improvement Committee
