## **PROJECT DESCRIPTION:**

All exhibits in this project must be of a free or original design. For example, if the division you are enrolled in suggests that you may build a car, it must be of your own design – not a pre-packaged car kit. All models must be mounted on a flat, solid base of Styrofoam, plywood or other materials. This will reduce the possibility of damage to your model. 4-H member will be enrolled in the project by their grade level in school.

### **LEVEL A: GRADES 3-4**

Exhibit one of the following: Build a fictional character or thing.

Examples: An animal, person, statue, totem pole, etc. No motorized units.

### **LEVEL B: GRADES 5-6**

Exhibit one of the following: Build a structure such as a house, skyscraper, barn, any type of building, or some type of vehicle such as a car, truck, plane, tractor, farm implement, boat, etc. No motorized units.

### **LEVEL C: GRADES 7-9**

Exhibit one of the following: Build and exhibit two of any related objects (new exhibits) from either Level A or Level B. Examples include two animals, two statues, two cars, etc. No motorized units.

### **LEVEL D: GRADES 10-12**

Exhibit one of the following: Build and exhibit a display of at least three objects that are related to each other. Some examples are: three cars, a tractor with two other pieces of machinery, a set of three buildings or possibly the combination of a building and two vehicles. The display will not be larger than 2 ft. x 2 ft. square. Motorized units will be allowed. Exhibits should show a great deal of thought and ingenuity in design and construction.

**STATE FAIR ENTRY:** The State Fair entries will be selected from the champions of Fine Arts, Needlecraft, Wearable Arts, Basic Crafts, Models, and Lego Construction. Not all champions (only 12) are selected for State Fair. There will be no specific size and article requirements. Each 4-H member can exhibit their best effort in the category.
