## **PROJECT DESCRIPTION:**

Any camera is suitable for your 4-H photo work. As members advance in the project, they are encouraged to use more advanced equipment and methods.

## **REQUIREMENTS FOR ALL DIVISIONS:**

1. All images are to be original images taken by the 4-H member.
2. Photos must have been taken since the last project entry date of the county fair.
3. All poster exhibits are to be mounted on a poster board. See poster guidelines and requirements found in the beginning of the rule book.
4. Mounting And Labeling
  - a. Mounting may be of any color or texture. The pictures are to be neatly and securely mounted. Dry mounting tissue is best.
  - b. Salon mounts are available in most photo and art supply stores. They are available either in plain or with a cutout of the picture area. You may make your own. Matting is not required.
5. Salon prints are one black & white or color print (that is larger than 4"x6"), printed horizontally or vertically from any size negative. The print must be mounted on a standard 16" x 20" salon mount, displayed vertically and covered with plastic.
6. Place standard identification label in the lower right-hand corner on poster boards and salon prints. Place this label underneath your plastic covering.
7. Number photo prints on your print board 1 to 10.
8. Captions under your photographs are not recommended, nor are fluorescent posters.
9. Sepia tone photographs (monochromatic) are entered under the Black and White classes.
10. Your prints may be a mix of digital and/or standard development.
  - a. Digital vs. Film: Anything that can be done in a dark room, on an enlarger, can be considered film.
