

Veterinary Science

Project Leader: Gretchen Ford

Phone: 765-242-1807

Email: gretchen@mintel.net

PROJECT DESCRIPTION:

This project is designed to help members better understand animals in health and disease. 4-Hers will learn about basic animal anatomy, physiology, sanitation, causes of disease and immunology. Actual ownership of an animal is not required, but you should have easy access to some type of animal.

EXHIBIT REQUIREMENTS

1. For all divisions: Securely attach a 3" x 5" card with your veterinarian's name and address to the back of your poster, display, quiz board, or report.
2. 4-H Veterinary Science exhibits should be educational in nature, covering one or more topics presented in the member's manual. An educational exhibit is one that educates the public about a topic studied.
3. See general poster guidelines and requirements in the beginning of the rule book.
4. If completing an action demonstration, contact the extension office to arrange for a time to come in and complete the demonstration.

LEVEL A: GRADES 3-5

Either display a poster or do an action demonstration related to a subject in one of the chapters in your project manual.

LEVEL B: GRADES 6-8

Display a 22" x 28" poster, display, or quiz board related to chapter 1, 2, or 3 in your project manual. Display or Quiz board should be no larger than 46" x 36" x 36".

LEVEL C: GRADES 9-12

Exhibit one of the following:

1. Develop and assemble a teaching aid. Display Teaching Aid and two-page typed report.
2. Develop a project in conjunction with a veterinarian. Display the project with a report of the results, recommendations, findings, and conclusions.
3. Write a one-page outline of a workshop or demonstration you presented.

STATE FAIR ENTRY: One exhibit from each level
