

Provide comfort and cheer to
the patients at Riley Hospital
by making tote bags for
The Cheer Guild.

Tote bags are needed by patients to keep their books and school supplies in during their stay at Riley. They are stored in The Cheer Guild's ToyRoom and distributed by hospital staff. The tote bags are also used by patients to keep the toys and other items they receive during their stay.

Tote Bag Sizes:

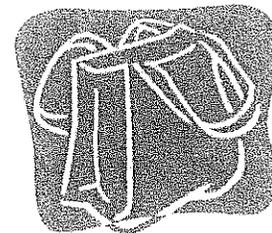

11" wide x 13" deep

13" wide x 15" deep

Tote bags should have handles, rather than a drawstring. They should also be made of material that is appealing to school age and teenage children. Any material used to make items for The Cheer Guild must be NEW.

Donations can be sent to:
