There are many other 4-H projects that relate to the Horse and Pony and the Horseless Horse program. Just a few are Photography, Arts and Crafts and Vet Science.

If you are interested in learning more about these projects or the opportunities available to you through 4-H or if you have any questions related to this project, please call the County Extension Office or talk to the Senior Leader.

When you are considering getting your own horse, there are pamphlets available with information on selecting your own horse, stabling and pasture requirement, health, feed and feet maintenance. Also read the information on these subjects in your resources Horse and Horsemanship. E-Z Riders may lease a horse for their regular horse project. Contact the Extension Office for a lease agreement form.
