

Lawrence County Virtual 4-H Fair Exhibit Tips

While it is understood pictures and videos cannot fully replace live exhibits the virtual fair environment is intended to allow a judge to see and learn about the skills a 4-H member has developed throughout this past year resulting from their 4-H experiences. Refer to the Indiana 4-H Youth Development web site [project page](#) for a list of 4-H projects supported by the state 4-H office. In addition to these tips, families can see a summary of files to be uploaded in FairEntry and should follow the link to each project's page for exhibit requirements.

An * indicates a county project, and you can reach out to the Purdue Extension- Lawrence County Office (812-275-4623) if you have questions.
