# Scrapbook Project

Purpose: The Scrapbook project allows you to learn to safely preserve and display your memories in a fun, organized and creative manner using archival safe materials to ensure longevity and safe storage of your photos, documents and memorabilia. Memories may include: family, school, vacations, 4-H, etc.

## Levels:

Level A (Grades 3 – 4)	Exhibit four (4) completed sides.
Level B (Grades 5 – 6)	Exhibit eight (8) completed sides.
Level C (Grades 7 – 9)	Exhibit twelve (12) completed sides.
Level D (Grades 10 – 12)	Exhibit sixteen (16) completed sides.

## Requirements:

- All participants must be enrolled in the Elkhart County 4-H Program.
- Carefully read this Project Manual.
- Pages need to be 12” x 12” or 8 ½” x 11” and displayed in a scrapbook album or scrapbook binder with a front and back cover, with pages firmly attached between the covers. All pages need to have page protectors. Do not use three ring binders and sheet protectors from office supply stores as they are not necessarily photo safe.
- Remember to enter the correct amount of pages required for your Level. If you do not, you will be counted down significantly for not meeting the project requirements. Incomplete or unfinished pages will not be judged or count toward the required number of pages.
- If you have taken the 4-H Scrapbook project in previous years, do not include any pages you have submitted for judging in the past or blank scrapbook pages. Only display this year’s requirements.
- All pages should have been completed since last year’s fair.
- Only include photos that are appropriate to display at the 4-H Fair, which is a family friendly event. No photos displaying illegal activity or inappropriate behavior please!

- Complete a 4-H Scrapbooking Project Skill Card and include it with your scrapbook album at project check-in. (You do not need to complete a general “Project Description Card” for your scrapbooking project.)
- No digital scrapbook pages or entries are permitted.
- There is no State Fair Entry for this project.

### **Guidelines for All Scrapbooks:**

1. Neatness is very important. Exhibit clean pages free of smudges, spills, limited crossing out, etc. Journal with clear handwriting.
2. **Journal. Journal. Journal.** The Journaling counts for the majority of the points on the judges score sheets. Keep in mind that the judges do not know anything about you, the people in the photos or the events they are looking at, so it is your job to tell them in the journaling. This will also be important to you and others years from now when looking at your scrapbooks. Give names, dates, details, feelings, fun facts, event information, etc. Make sure your journaling is neat and use your best grammar and spelling using a dictionary if necessary. Also make sure at least some of the journaling is in your own handwriting. Computer printed journaling is sufficient for some of it, but the judges are also looking for your handwriting. Your handwriting is part of your heritage.
3. All supplies should be acid/lignin free. Pages should be buffered as well. Avoid using regular ball point pens, sharpies, pencils, notebook paper, post it notes and index cards, because it is questionable as to whether these are acid free and buffered and therefore, safe to use in scrapbooks.
4. Select good quality photos to use in your scrapbook layouts. You are not being judged on your photography skills, but your scrapbook is being judged on neatness and how well it preserves your memories. If you must use a blurry photo because it is all you have for a certain event, then journal about why this event was so important to you, and that this was the only photo you had and the reason you included it in your scrapbook.

5. Make sure your pictures and pages are in chronological order (putting in order of occurrence) in your scrapbook.
6. Judges love two page spreads. The more you do the better. A two-page spread is when the scrapbook lays open and it is the two pages you are looking at, at the same time. Example of a 2-page spread:

Make sure it is obvious that it is a two-page spread. It needs to be the same event. It is best if you use the same paper on both pages (or coordinating paper) and you must have a title. The title can either be on one page or span across both pages.

7. Using a variety of cropping techniques, skills, embellishments and page layouts will add interest and creativity to your album. Keep increasing the difficulty of techniques you use every year. Keep learning and trying new creative ideas and designs. There are great ideas on Pinterest and Scrapbook.com for page layouts, techniques, etc.
8. **In Levels C and D** memorabilia must be included in each scrapbook. Some memorabilia should be included in special holders, which are normally made of sheet-protector type material, so it does not touch your photographs. Examples would be coins, locks of hair, trinkets, etc. Paper memorabilia may best be displayed in its own page protector. If not, it should be rendered acid free. If a photo is included on a page with a lot of memorabilia, the photo should be encased in a separate plastic sleeve. Some memorabilia and newspaper clippings should be photocopied onto acid free paper or should be encased in a special sleeve, to ensure it does not come in contact with the photos. Examples of memorabilia are ticket stubs, programs, locks of hair, coins, letters, newspaper clippings, report cards, etc.

9. The scrapbook album must demonstrate a good sense of the entire project and what it means to preserve pictures and memories effectively.
10. The most important thing is to have fun! This is one 4-H project that you will keep and treasure for the rest of your life.
