

Farm Toy Scene (UPDATED 2020)

This project does not have a State Fair entry

10/19

The exhibit must include a reference list indicating where information was obtained, giving credit to the original author, to complete the 4-H member's exhibit. This reference list should/might include web site links, people and professionals interviewed, books, magazines, etc. It is recommended this reference list be attached to the back of a poster or included as part of the display visible to the public. A judge is not to discredit an exhibit for the manner in which references are listed.

Every effort will be made to keep your exhibit safe, but Purdue Extension Elkhart County and the Elkhart County 4-H Club Corporation are not responsible for lost or damaged items from your project.

Requirement for judging:

- **The project record sheet must accompany the exhibit. Be sure to cite any resources used.**
1. ***Projects will be judged by Level.***
 2. Exhibit your display according to the guidelines listed below.
 3. **Exhibits will be judged according to the following criteria: artistic arrangement of exhibit, detail of exhibit, and realistic farm setting around toys.**
 4. Toys used in your display can be any scale desired, but the preferred size is 1/64 or 1/16.
 5. Model toys may be obtained at farm equipment dealers, department stores, farm stores, and farm toy shows. Farm toy shows will probably offer the largest selection of toys.
 6. Landscape supplies can be obtained at hobby shops, craft supply stores, and some items may be found in your backyard.
 7. Fences, land, and roadways are not included in the maximum number of items that are included in your division
 8. It is suggested you secure and enclose your project with Plexiglas or other materials for protection of the project
