

# Friday 4-H Nugget

## Dear 4-H Community,

It is almost Thanksgiving and many people use this time of year to reflect on what they are thankful for. This year has been different, but there are many reasons to be thankful. Can you jot down one or two things? They can be large or small, practicing this will help you in being positive and a commitment to the fourth H.

Thank you to everyone that completed our [feedback survey](#) on the Friday 4-H Nugget. We will leave it open for one more week in case you would like to let us know your thoughts on our newsletter.

On Wednesday Elkhart County shifted from Orange to Red in the new color status according to the Indiana State Department of Health. This does put a cap of 25 people per an event. To learn more on how that impacts Extension programing in our county watch this [video update](#). We have a lot happening the next few weeks so be sure to check out the rest of this newsletter for more information.

All the best,
